

Global Connections, Local Impact

Activity Summary

June-September 2022

Kenya Joins IWCA Chapter Network

- Currently representing 40 members, the chapter has identified the following strategic objectives to guide their impact efforts: market access and logistics, facilitating knowledge sharing, and access to financing.

Green Coffee Availability List

- Provides a central point of communication for sourcing coffee from IWCA chapter members. The updated list was published in June 2022 and features 37 producers, details about where their coffees are grown, and cup quality.

IWCA Honduras: Traceability & Micro-Lot Workshop

- Through a partnership with Pacayal Coffee Cooperative, chapter members attended training that promoted greater participation by women, improved coffee production practices, and fairer pricing models.

IWCA facilitates opportunities for our 14,644 chapter members to develop and hone professional skills that foster advancement, empowerment, and sustainable livelihoods.

IWCA Uganda Documents Efforts to Engage Women & Youth

- ▶ Coffee supports 3.5 million families in Uganda. A new documentary highlights the chapter's work to engage women and youth in local communities to pursue careers in coffee. Watch it [HERE](#).

IWCA Colombia: Encounter Conference

- ▶ The inaugural event brought together 420+ women producers and industry stakeholders for cuppings, farm tours, and discussions about gender equity, sustainability, and the culture of Colombian coffee.

IWCA Strategic Planning Meetings

- ▶ In September, IWCA board and staff came together in Denver for two days of strategic planning sessions to identify organizational priorities for the next five years. The outcomes and strategies will be shared with the IWCA community in early 2023.

IWCA Australia: Stronger Together Breakfast

- ▶ Held during the Melbourne International Coffee Expo, 100+ breakfast attendees, 30% of whom were male, listened to a panel discussion addressing barriers women face in the coffee supply chain.
